

## MISSION STATEMENT

The Falabella International Preservation Association will bring together the common interests of Falabella horse enthusiasts around the world who share the desire to preserve the PURE Argentine-line Falabella horse.

*(Those horses who can trace their direct ancestry to the Falabella Farms in Argentina).*

Our primary goal is to encourage the promotion and preservation of the pure bred Falabella horses whose ancestry can be traced back to Falabella family farm in Argentina, and to maintain the integrity of the Falabella breed through the use of DNA testing and the development of unified breed standards for horses who are certified pure Falabella by FIPA recognized registries.

## PURPOSE of FIPA

Members of this group will foster growth and membership in the Falabella International Preservation Association through promotion, recognition, advertisement and publicity of registered Pure Falabella Horses.

1. FIPA will offer a place for its members to come together without prejudice, to promote and preserve the Falabella Miniature Horse breed and to discuss the interests and issues unique to these special horses.
2. To promote the concept of the added value of registered Argentine-line Falabella, verified through DNA testing and registration in the FMHA, ACCF and other FIPA recognized international registries.
3. To promote the concept that member farms are where to look for quality registered pure Falabella horses.
4. To promote, through our breed registries, judging practices in the show ring which give the Falabella horses equal consideration with all miniature horses.
5. To utilize membership numbers to reduce advertising costs for all members.

## A Falabella Picture Album

Brought to you by:  
Falabella International Preservation Association

Visit our website to see pictures of pure Falabella horses from all over the world. **WE WOULD LOVE TO ADD YOUR PICTURES OF PURE FALABELLAS!**  
We will also add your personal identity information about your farm or stud with a membership to FIPA.
